MUBEEN YOUSAF

Frontend Developer | React.js & Shopify

Lahore, Pakistan • +92 303 6994048 • mubeenyousaf577@gmail.com • LinkedIn • GitHub • Portfolio

TECHNICAL SKILLS

Frontend: HTML5, CSS3 (Flexbox, Grid, keyframe animations), JavaScript (ES6+)

Shopify: Theme customization, Liquid, custom sections, schema settings, section rendering

UI Implementation: Figma-to-code, responsive design, reusable components, cross-browser testing

Tools: Git, GitHub, browser DevTools debugging

PROFESSIONAL EXPERIENCE

Frontend Developer Intern | FixelCloud | 2026 (3 months)

- Built responsive Shopify storefront interfaces with HTML, CSS, JavaScript, and Liquid.
- Converted design references into pixel-accurate, mobile-first page layouts and customized Shopify sections and assets.
- Found and fixed layout bugs by testing pages across screen sizes and browsers.
- Managed code changes with Git and GitHub, keeping work traceable and easy to review.

SELECTED PROJECTS

Custom Shopify Sections & Interactive Components

- Built configurable Liquid sections with schema settings, so merchants can change content and layout from the theme editor.
- Added CSS keyframe animations, a sticky hero scroll effect, and responsive product layouts to improve the browsing experience.

AI Flower Health Advisor | Frontend Lead, Final-Year Project

- Led the frontend of a web app where users upload a plant image and receive a disease identification with preventive guidance.
- Built the image-upload, diagnosis, and advisory screens, and handled manual testing and bug tracking.
